

# Batteries

ACDelco BE CERTAIN.

INNOVATION STARTS WITH THE ORIGINAL

21 Months Warranty or 40,000kms

## Sealed Maintenance-Free (SMF)

### BENEFITS

- Built in Hydrometer** - Indicates State of charge.
- Factory-Sealed** - Makes these batteries truly maintenance free.
- Polypropylene Case** - Reinforced design is precisely tailored to support the battery elements to withstand road shock and vibration.
- Liquid-Gas Separator Area** - Returns liquid to reservoir for longer life
- Integrated handle** - For ease of transport and installation.
- Heat Sealed Covers** - Helps prevent electrolyte contamination and increase case strength .
- Flame Arrestor** - Safety system prevents explosion from sparks outside the battery, minimizes acid leakage and prevents the inflow of dust.
- Centered Cast on Plate Strap** - Stronger than thinner gas-burned conventional connectors.
- Increased Battery Shelf Life** - Up to 12 Months shelf life without charging due to the use of Calcium/Calcium Grids (Compared to conventional batteries)

### PRODUCT FEATURES

ACDelco has a range of high quality Sealed Maintenance Free (SMF) Batteries to suit your needs. ACDelco SMF Batteries require no ongoing maintenance and utilize lead calcium expanded grids, which are less susceptible to corrosion and water loss, meaning the hold charge longer than conventional Lead Acid batteries. With features such as heavy-duty factory sealed polypropylene rib cases, low resistance envelope separators and backed by a solid warranty, they have earned ACDelco a solid reputation for reliability and longevity.

- **Longer Life**
- **Enhanced Power**
- **Reliable Performance**
- **Improved Safety and Usability**

### New Calcium Tin Full Framed Grid

- Preventing grid surface from corrosion
- Reducing self-discharge by chemical bonding with grains of calcium
- Reduce Grid Growth and Short-Circuit
- Low Electric Resistance design increase the electric performance
